

“How would you like to save \$300 off your next t-shirt order?”

Hey,

As you know, our minimum order is \$400. This is what we require from brands like Torco Race Fuel, YMCA and large organizations such as Relay for Life. However, our shirt vendor made a HUGE clerical error. Instead of shipping us our 12 shirts we ordered, we received 120 at our doorstep. Now we are looking for 10 people to order 12 t-shirts to offset our costs. Looks like this time our loss is your gain, right? Lol.

Then next 10 people to place an order of 12 one-color printed shirts, will have their order delivered in just 7 days for only \$100. That is a savings of \$300 off of our minimum required order.

To quickly take advantage of this generous offer, and frankly, to help us defray the cost of our vendor's error, please call Traci at 269-262-2771 or email orders@topshelftees.com. We can only extend this offer to the next 10 people who read this letter, so I wouldn't wait.

Talk soon,

Traci Lampert
